

Golden Nightingale

Lyrics/music by Leonid Safro.

(Acoustic version to be recorded Q1 2014)

Chorus:

Sing my Golden Nightingale, sing,
Don` t be scared of what tomorrow
brings.
Fly my Golden Nightingale, fly,
And if at first you fall, I` ll catch you,
You will fly again.
` Cause Golden Nightingales don` t cry.

` Cause Golden Nightingales don` t cry.
` Cause Golden Nightingales don` t cry.

Verse 1:

Piercing through the night,
Golden voice flows
Into my heart,
Taking me home.

Where you are waiting,
Waiting for me.
Your heart is beating
To our melody.

And, again, I call your name.
My Love.
My Love.

I know you` re waiting,
Waiting for me.

My heart is beating to that same melody.

Chorus.

Verse 2:

Jump into the wind.
Ride the hurricane.
I` ll be there beside you,
Together, we` ll sustain.

And if there comes a time
You` re feeling down,
I` ll be there for you.
I promise I will always
Love you my dear.

Solo.

Bridge:

And, again, I call your name.
My Love.
My Love.

I know you` re waiting,
Waiting for me.
Our hearts are beating to that same
melody.

Chorus.
