

I Will Persevere

Lyrics/music by Leonid Safro.

(Acoustic version to be recorded Q1 2014)

Chorus:

I will persevere!
I will persevere!
The moment I've been waiting for is
almost here;
I'll dance on graves of my fears;
My vision is clear.

I will persevere.
I will persevere.
Even if I end up laughing through tears,
I will persevere.
Will persevere.

Verse 1:

Light is dancing in the snow.
Though it blinds me, that I know:
I have found my soul mate.
Was it luck, or was it fate?

Was it luck or was it fate?
I've been knocking on a gate.
There were many highs and lows.
Here is how the story goes:

There was my guitar and I.
Thought we'd give it one more try.
Even if it's a mistake;
Was it luck, or was it fate?

Was it luck or was it fate?
One more shot before too late.
Now coming from a show:
"Yeah, I think, I guess, I know."

Chorus.

Verse 2:

Ugly ducklings in the skies,
How beautiful they fly.
Magic wind that helped them rise:
I believe in you and I.

I believe in you and I
Making circles in the skies.
Magic wind beneath our wings.
Love, it really changes things.

With your picture in my heart,
I can make another start.
I can start another climb.
I believe in you and I.

I believe in you and I.
We have both made up our minds.
We both know where its at.
It's the work, and it's the sweat.

Chorus.
